

MRCDC Coordinator's Meeting Report

| | |
|----------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Who: | Cascade County Conservation District |
| What: | Council Upper Reach CD |
| Where: | CCCD Office, Great Falls |
| When: | Monday, Jan 10, 2011 1:00 - 5:00 p.m. |
| Why: | I try to attend this CD meeting regularly as it is our "Home" county. Laurie Zeller was scheduled to make a declarative ruling on a side channel of the Sun River near Simms; I attended the public hearing on this issue in December. The CCCD is considering revising their role in Whitmore Ravine. |
| Accomplished: | Listed on the agenda for Partner's Report; briefly updated the Board on the activities of the Council. I had also invited Brett Doney, President, Great Falls Development Authority, to discuss his interest in taking a lead role in the Whitmore Ravine project. |
| Follow Up: | Unable to attend the Feb CCCD meeting (out of town on MRRIC travel). Attend the next Whitmore Ravine Cooperative Conservation Committee (CCC or 3C) first week of February. I requested that Brett Doney be added to the email distribution list managed by Chris Murphy, Env Engineer, Malmstrom AFB. |
